Sialex® Rings are used by property management companies, industrial clients, hotels, commercial properties, as well as some well known “Blue Chip” German enterprises involved in transport and logistics. Our products are used discretely or as part of a “preventative maintenance” program.

Phoenix Ring Manufaktur has supplied devices to fit onto water pipes up to 24”in diameter, handling water volumes in excess of 1.000 m³/h. Our experience, gained over many years benefits our customers.
